RECEIVED  
JAN 9 8 1994  
DIVISION OF  
OIL, GAS & MINING

Dear Mr. Bills:

I apologize for the inadvertent typographical error made in my last letter, dated June 1, 1993 in which I stated that you needed to make satisfactory arrangements with me by July 1, 1992 to remove the improvements on the Only Chance mining claim. The letter should have shown the date as July 1, 1993 as the deadline for you to respond back to me. The intent of the letter was clear, yet you did not contact me and protest or clarify the date.

I wish to give you ample time to remove your improvements and property from the Only Chance mining claim and I wish to clarify the following new dates. As you know, I have posted the improvements (cabin and leach tank) as "U.S. Government Property". Unless you make satisfactory arrangements with me by June 1, 1994 to remove the improvements, the Ashley National Forest will dispose of the property as it deems appropriate.

The remaining property will be impounded as personal property under 36 CFR 262.12, if you do not make satisfactory arrangements with me by June 1, 1994, to remove them. Once impounded, you would have 90 days to redeem the property. Failure to do so would result in sale of the property or disposal by other means.

If you have any questions, please contact me or Mike Bergfeld at 801 789-1181.

Sincerely,

!!/s/Mary A. Wagner!!
